Profile

Ms. Alona Torkhov is an associate in our firm's Cyber & Information Technologies practice. Ms. Torkhov specializes in a wide range of corporate and commercial law.

In this framework, Ms. Torkhov provides comprehensive legal counselling to private companies, with a focus on technology-related industries, on a variety of corporate issues, including mergers & acquisitions, privacy, intellectual property, cross-border transactions, and technology law. Ms. Torkhov's expertise covers internet law, media and entertainment, software licensing, intellectual property rights, data security and privacy. She is experienced in helping clients navigate complex legal issues in the tech sector, including capital financing and commercializing patents, trademarks, and other forms of intellectual property.
