Profile

Mrs. Sharon is a partner and co-manager in our Planning and Zoning practice. Her practice concentrates on planning & zoning and real estate. Prior to joining FBC, Mrs. Sharon was an attorney at leading firms specializing in real estate and served as a deputy to the legal adviser of the Tel Aviv municipality.

Mrs. Sharon's practice handles the initiation, promotion and support of major city planning. Her practice supports its clients in each stage of the planning approval process, starting from the initial and conceptual stages of the plans, through the promotion of the plans in the various planning committees, and culminating in the actual construction phase.

Mrs. Sharon's practice also deals with planning-related litigation proceedings, such as the handling of objections and appeals regarding the city plans at all levels; "betterment" tax; claims for damages regarding city plans under Section 197 of the Planning and Zoning Law, and more. In addition, her practice handles the various stages of construction licensing and building permits.
